Adults: Introduce your friends to the ministry of Youth for Christ, and have a great meal together.

Another great summer with lots of kids

During the last week the staff shared about their relationship with Jesus and His love for each of the kids. **Five** young people decided to accept Jesus into their life, and **17** rededicated themselves to Him.

At one of the last Lake Life gatherings, **one** of the young men decided he was ready to follow Jesus.

"All-In" is this year's theme. The leaders will go "All-In" when talking about issues teens face every day and considering what God has to say on the topics. The goal is for students to go all-in with life making the most of each day, opportunity, relationship, and be successful in what is most important in life.
